40 Wars Since 1945 Bleed World White

By GERALD S. POPE, Editor
World Harvest

A list recently compiled by *Time* magazine shows that a total of 40 wars have been fought since 1945.

Tragically enough, these 40 wars have come after two world wars, of which one was fought "to end all wars" and the other to save the world from fascist dictatorship.

These 40 wars have come after a world peace organization was formed in the summer of 1945, whose declared purpose was "to save succeeding generations from the scourge of war" and "to maintain international peace and security."

All of this — the promise to end wars and to preserve peace — has a hollow ring in view of the impressive list of wars printed in *Time* magazine. On the face of it, the United Nations is a farce and mockery and deserves only to be dissolved.

America got involved in World War II to help unhorse Hitler and in doing so put Stalin in the saddle — which has resulted in grave consequences for world civilization.

Communists gain by war, for war itself tends to destroy liberty, and in country after country has led to socialism and dictatorship. In 1945, there were possibly a quarter million Communists. Today there are more than a billion. No wonder Red China says, "After World War III, the whole world will be Communist."

Who makes the decision for war? Obviously the leaders of a nation, not the people, **not you and me**. If a poll were taken of wives and mothers, sons and fathers, up and down the streets of our nation, the answer would likely be a thunderous no. If you think otherwise, then watch the tearful scenes in airport terminals or railroad stations, as loved ones say goodbye to servicemen departing for a war zone.

Of course there is such a thing as national honor, and certainly no decent American advocates, "It's better to be Red than dead." But the solemn truth is that our leaders have deliberately chosen war policies. At a decisive moment in history, they chose to ignore the wise counsel of our forefathers, "Stay out of the entanglements of Europe."

If the people are against war, how is it promulgated? Answer: through deception and hypocrisy. Twice in this century two national leaders were elected on the cries, "He kept us out of war" and "I hate war."

This deception and sophistry is again illustrated in the attitude of opinion-makers. The same gang that bellowed

Woodrow Wilson

Franklin D. Roosevelt

Lyndon B. Johnson

Democrat (War Party) Presidents Phoney Slogans — And Then The Trap Is Sprung

WORLD WAR I

Woodrow Wilson (Wolfson), pawn of the Invisible Government, won re-election in 1916 on the slogan "HE KEPT US OUT OF WAR." This appealed naive Americans. When the trap was sprung and we were in war, we were told we were fighting to "MAKE THE WORLD SAFE FOR DEMOCRACY."

WORLD WAR II

Franklin Delano Roosevelt (who stated "THINGS DON'T JUST HAPPEN: THEY ARE PLANNED THAT WAY") assured us in his fireside chats: "And while I am talking to you fathers and mothers, I give you one more assurance. I have said this before, but I shall say it again and again, **YOUR BOYS ARE NOT GOING TO BE SENT INTO ANY FOREIGN WARS.**"

This lie told to American parents (while our Navy was simultaneously sinking German ships) re-elected him. However, when the trap was sprung and we were in war, we were told that America was fighting for the "FOUR FREEDOMS."

KOREA

Under Harry S. Truman we were fighting communism to "REPEL AGGRESSION." We wanted to save South Korea, but we were not really going to war. Just a police

action! (100,000 casualties, — some "police action"). Too late, a saddened America learned it was a UN war which five Generals, in sworn testimony, stated they were forced to lose.

WORLD WAR III?

In Vietnam, the diabolical plotters have followed the same pattern. Before the trap was sprung, we were "ADVISORS" and "TECHNICIANS" who would help train the South Vietnamese to enable THEM to defeat the communists. But when the trap was sprung and America forced itself into a real war, LBJ now tells us we are at war in Vietnam in compliance with our "SOL-EMN COMMITMENTS." Note the switch! Before it was THEIR war, now it's OURS. There had to be some justification for involving 150,000 men. Constantly pressed and prodded, Johnson let the cat out of the bag, proving as usual, they had lied to us all along.

Will America ever learn that these slogans are conceived with the cunning of Satan himself — and the wars are planned by an Invisible Government? **REMEMBER: THINGS JUST DO NOT HAPPEN: THEY ARE PLANNED THAT WAY!**

loudest for intervention in World War II is now hollering just as loud for America to get out of Vietnam. The peril they saw in Nazism they do not see in Communism. To them, the wave of the future is socialism and one world.

The Bible says that wars are inspired by men's lusts and men's lusts are fanned by the Devil, who is using every device possi-

ble to turn men against men, and men against God.

The list of 40 wars gives the Bible scholar convincing proof that the end of the age is near. Jesus said the era just preceding His coming would be characterized by "wars and rumors of wars."

On our modern highways today, if you move into the fast lane of traffic, you have to keep pace or get smashed. America has moved into the war lane of traffic, and it has to keep pace. God help us.

Just enough newsprint on hand for one issue. To know that a carload of newsprint, or its cost, was on the way to us would greatly ease our burden. With a key member of our staff temporarily disabled through accident, our concern is doubled. **ONLY YOU** can keep **COMMON SENSE** in operation.
